

<b>Module 5 – Dataset Table of Contents</b>	
<b>Description</b>	<b>Archive Copy Location Folder/File Name</b>
<b>Study CDISCPIL01</b>	
<b>Tabulation Data</b> Data Definition Document XML Version PDF Version <sup>1</sup> Data Guide <sup>2</sup>	  <a href="/datasets/cdiscpilot01/tabulations/sdtm/define.xml">/datasets/cdiscpilot01/tabulations/sdtm/define.xml</a> <a href="/datasets/cdiscpilot01/tabulations/sdtm/define.pdf">/datasets/cdiscpilot01/tabulations/sdtm/define.pdf</a> N/A
<b>Annotated Case Report Forms</b>	<a href="/datasets/cdiscpilot01/tabulations/sdtm/blankcrf.pdf">/datasets/cdiscpilot01/tabulations/sdtm/blankcrf.pdf</a>
<b>Analysis Data</b> Data Definition Document XML Version PDF Version <sup>1</sup> Data Guide	  <a href="/datasets/cdiscpilot01/analysis/adam/datasets/define.xml">/datasets/cdiscpilot01/analysis/adam/datasets/define.xml</a> <a href="/datasets/cdiscpilot01/analysis/adam/datasets/define.pdf">/datasets/cdiscpilot01/analysis/adam/datasets/define.pdf</a> <a href="/datasets/cdiscpilot01/analysis/adam/datasets/dataguide.pdf">/datasets/cdiscpilot01/analysis/adam/datasets/dataguide.pdf</a>

<sup>1</sup> The define.pdf for the tabulation (SDTM) data was derived from the corresponding define.xml metadata. For technical reasons, the define.pdf for the ADaM metadata is a more simplified representation intended primarily for printing purposes.

<sup>2</sup> As described in the cover letter, a data guide for the tabulation (SDTM) data was not created due to efforts currently ongoing among other collaborative working groups focused on developing an industry standard.
